- ▶ God gave women remarkable abilities. Women are the completion to the oneness that God created in mankind. *Gen. 2:18 And the LORD God said, It is not good that the man should be alone; I will make him an help meet for him.*
- ▶ Bearing children is a gift from God and it requires special skills that only women possess. God uniquely created women to handle all the needs of the home. *Prov. 14:1 Every wise woman buildeth her house: but the foolish plucketh it down with her hands.*
- ▶ Women are the greatest gift that God has given to men! *Prov. 19:14 House and wealth are a heritage from fathers, but a wife with good sense is from the Lord.*

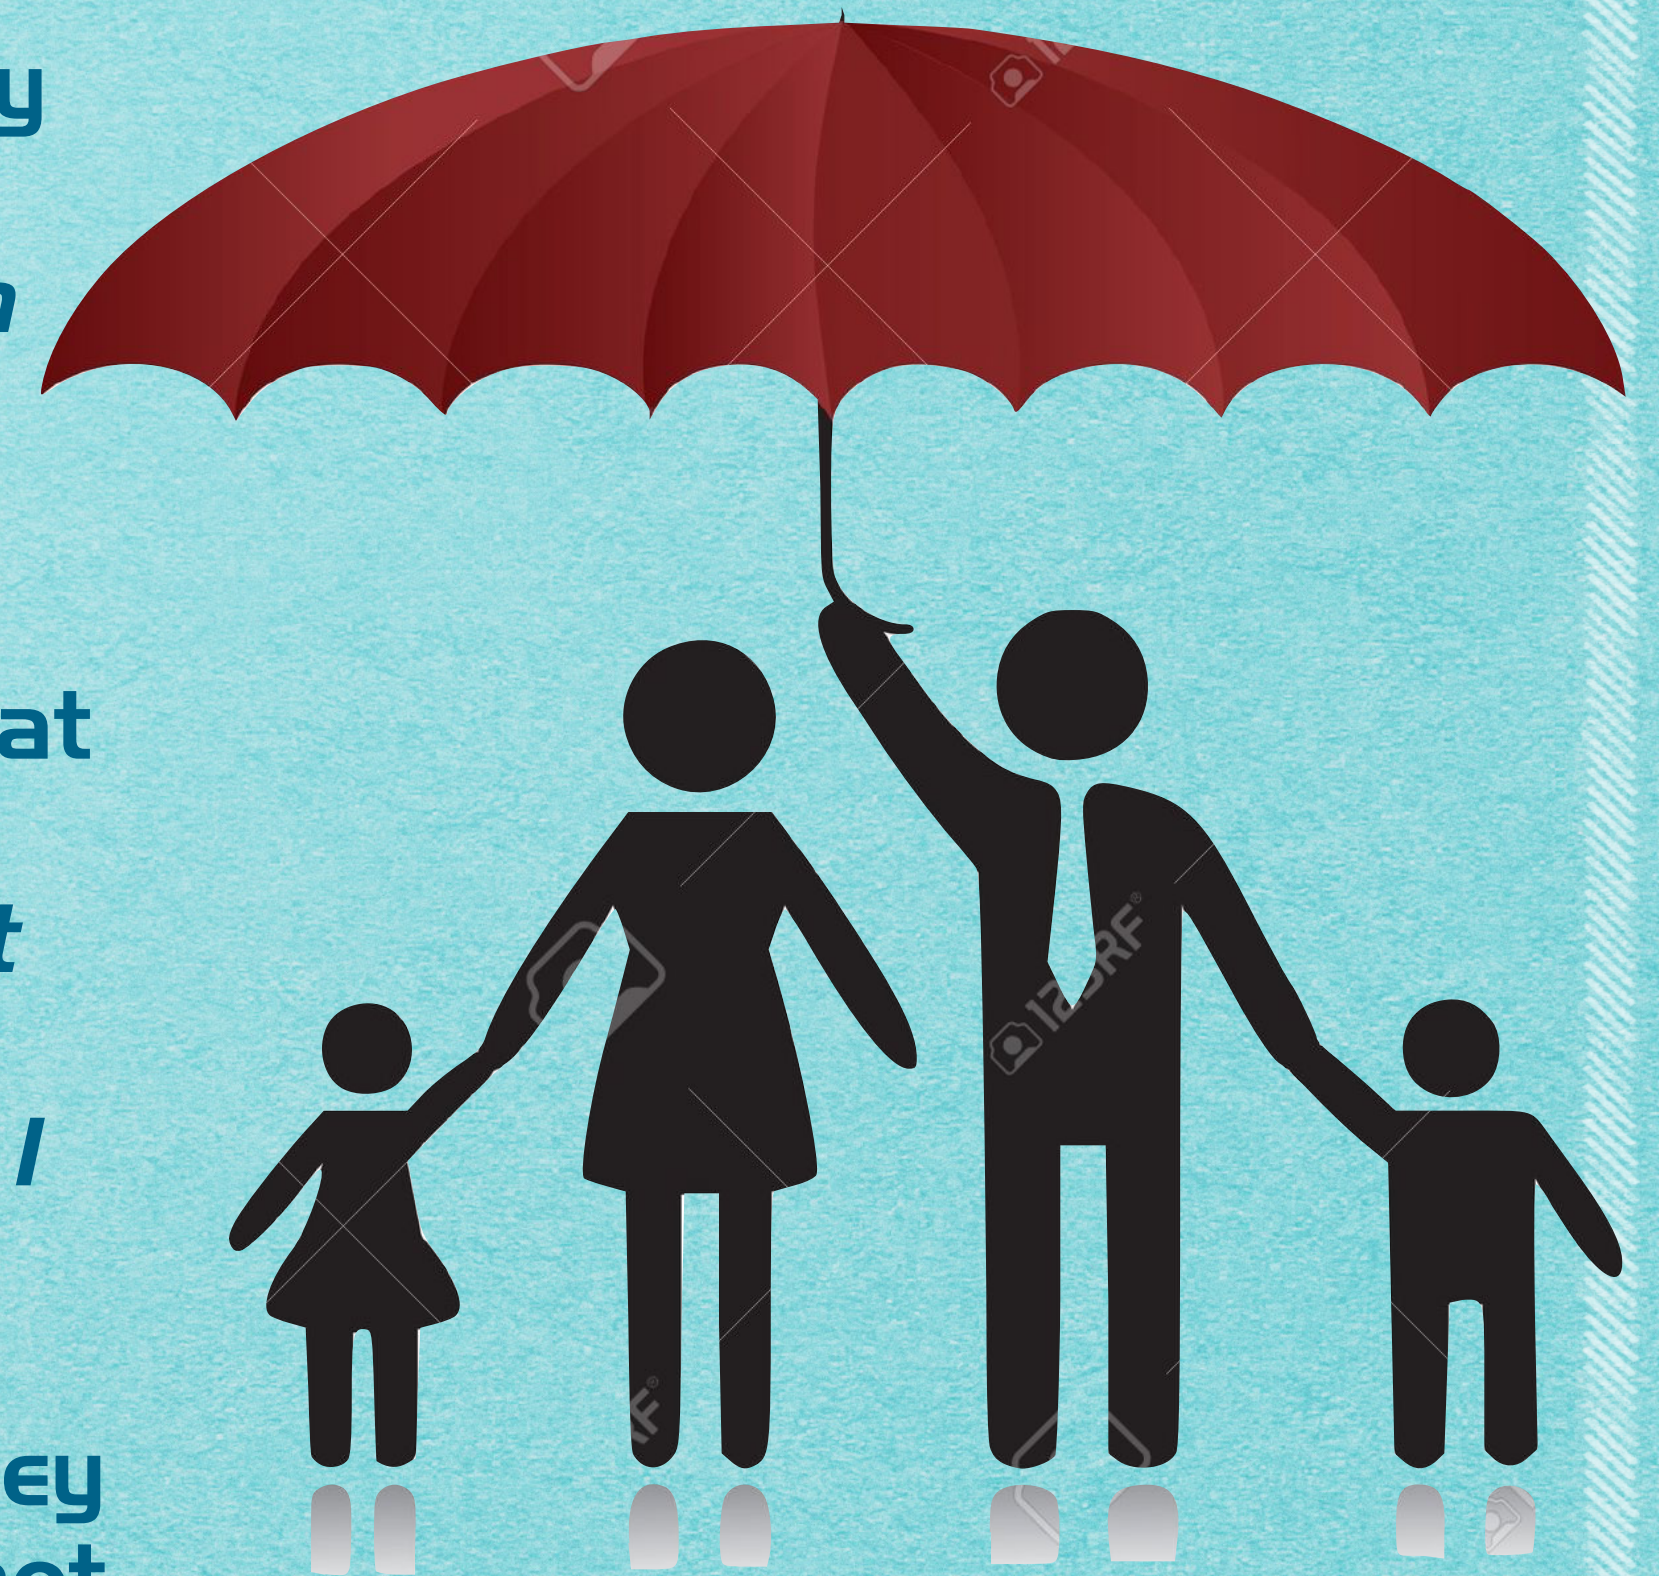

▶ Because of the nurturing nature of women, the enemy targets them in an effort to draw them away from the safety of their covering. The father of their children (husband) is designated as their covering, but the enemy desires to remove this protection. *1 Tim. 2:14 And Adam was not deceived, but the woman being deceived was in the transgression.*

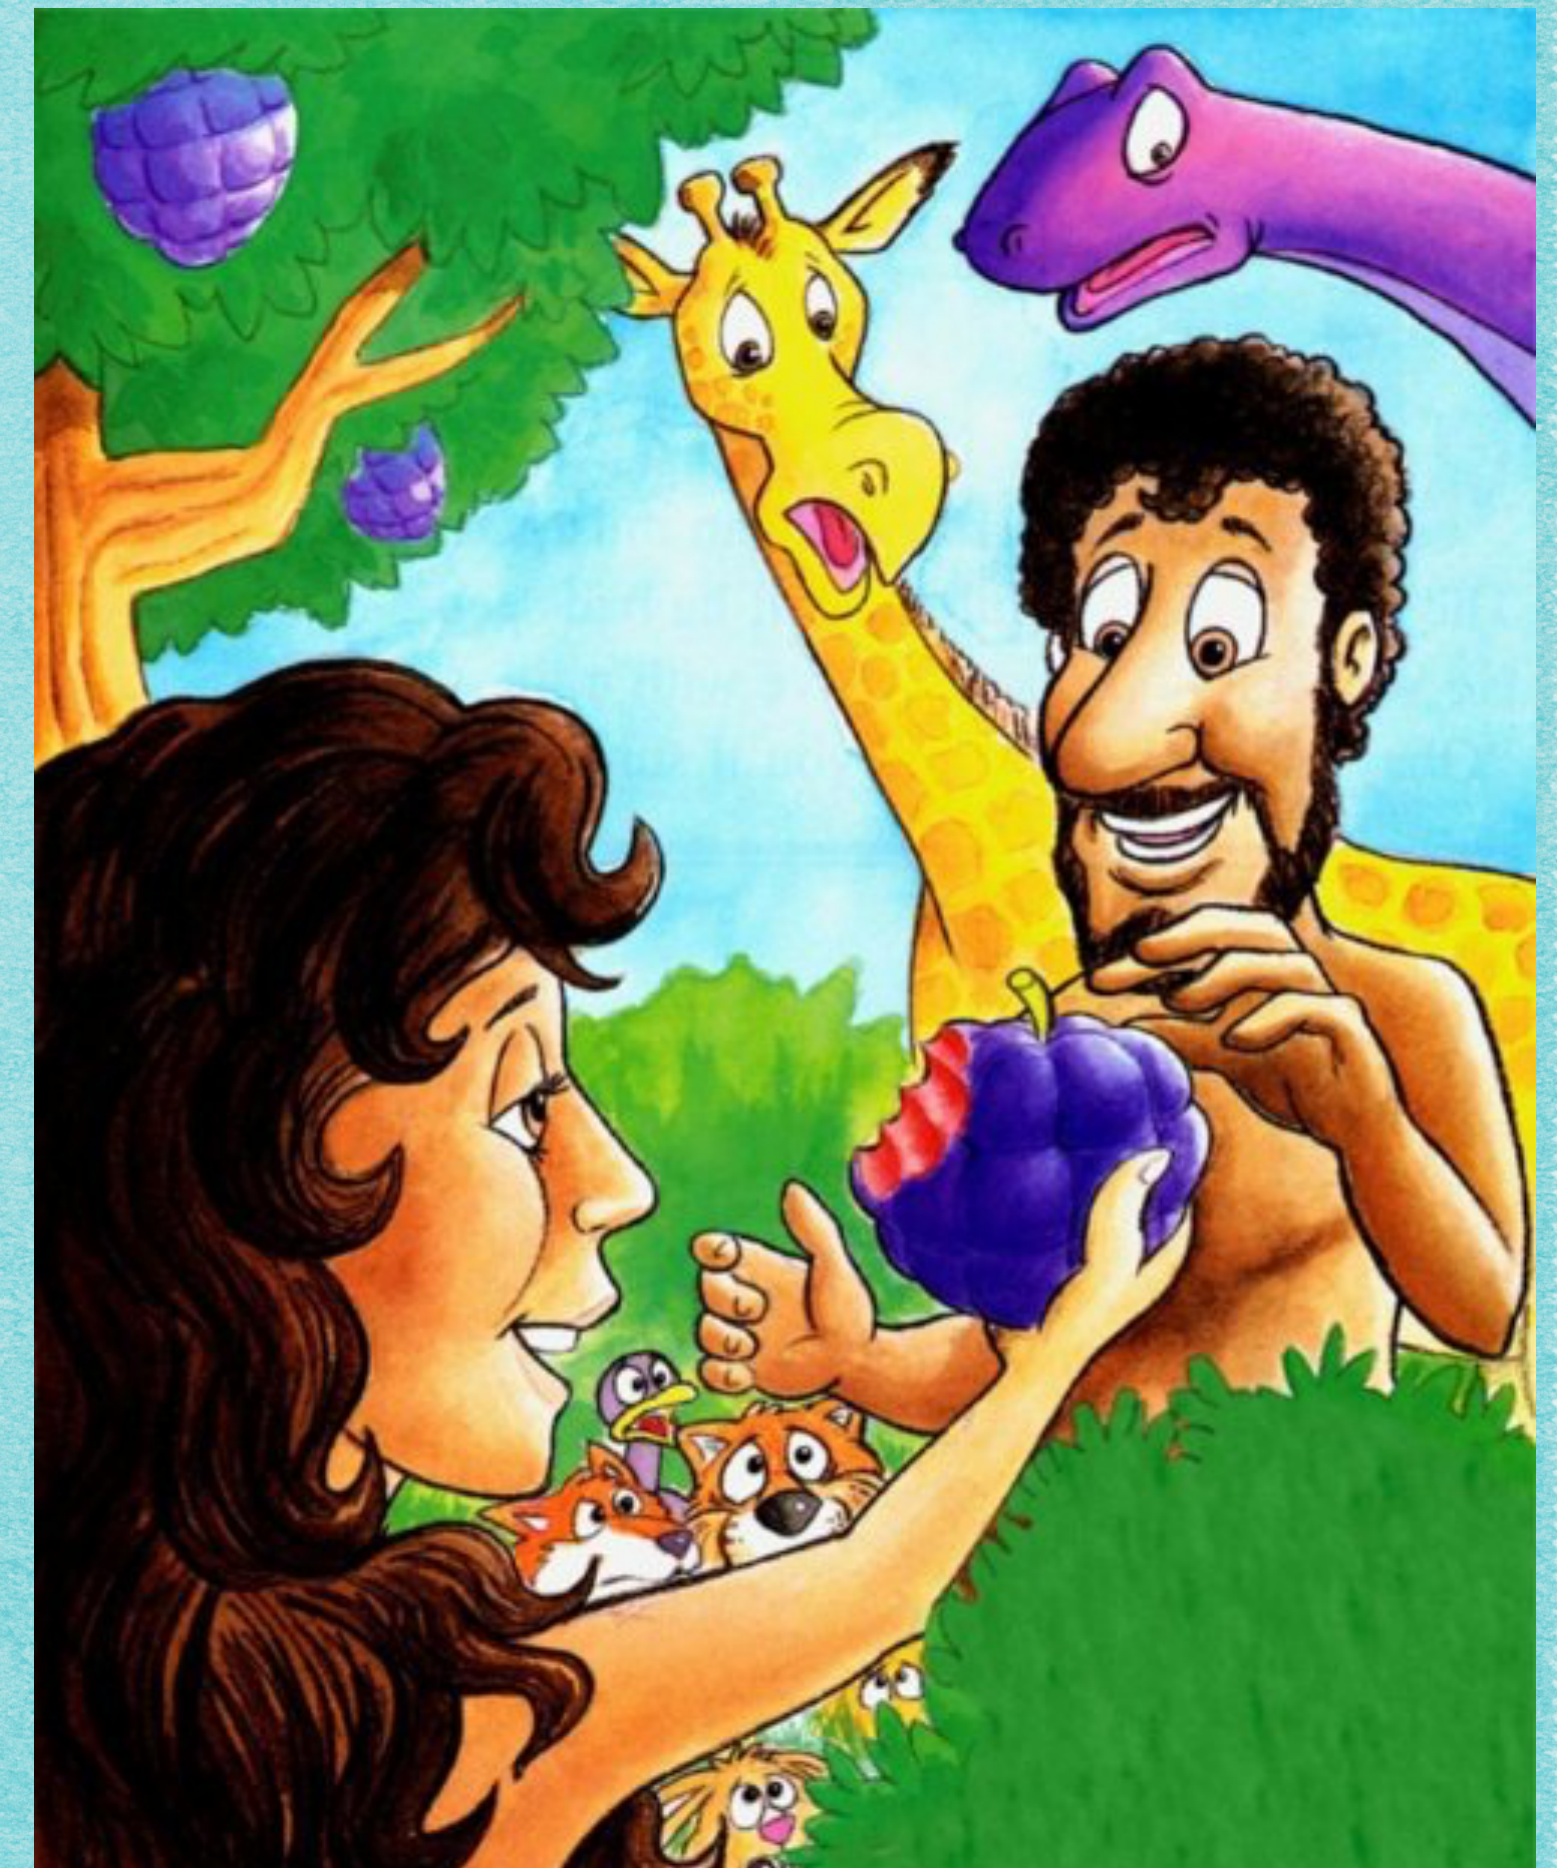

▶ The covering of the woman gives her contentment. This attribute protects her from being attracted to things that will hinder her role as the nurturer of her children and help meet of her husband. *Is. 49:15 Can a woman forget her sucking child, that she should not have compassion on the son of her womb? yea, they may forget, yet will I not forget thee.*

▶ When wives are properly covered by their husbands, they are content with their creation role. But, when men do not properly cover their wives, she will be attracted to things that will ultimately bring shame to her. *Prov. 29:15 The rod and sharp words give wisdom: but a child who is not guided is a cause of shame to his mother.*

- ▶ The devil's job is to lure the wife away from the covering of her husband by making her purpose seem mundane and unfulfilling. *Gen. 3:6 And when the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also unto her husband with her; and he did eat.*
- ▶ The husband's job is to protect his wife from the opinions of others and keep her content with her position in the home. The influence of society, family, etc. are all used by the enemy to make money, goals, and knowledge more attractive than what she is created for. *Luke 11:21 When a strong man armed keepeth his palace, his goods are in peace:*
- ▶ When there is a godly mother present in the home, she will desire to protect her home from outside influences. Her husband and her children will always come first! *Prov. 31:27 She looks well to how things go in her household, and the bread of idleness (gossip, discontent, and self-pity) she will not eat.*

summary

Our society paints a morbid picture of motherhood. TV shows, movies, music, etc. all portray a woman's husband and children as the consolation prize when financial success and career prestige are not accomplished. The media makes women feel that there is more to life than sitting up under a man and trusting him to take care of her. They make keeping a home and finding contentment in a man, lackluster and risky. These secular perspectives and mindsets have infiltrated the church as women are encouraged to find their contentment in God and not in their husband like the Bible says. Consequently, women are being taught to obey God and not their husbands. The covering of the husband (contentment) is what protects a woman from all these ideals that the world is injecting into them. Just as Eve was lured away from her role and enticed by her feelings and desire for more, the world is luring mothers away from their God-given roles and sound doctrine concerning their purpose.

A mother's sole desire should be her God-given role. No matter what society says, what her extended family says, or even what some churches say, she must find her fulfillment in her home according to the Bible! The carnal appetite for more is from Satan and just like Eve, that desire will emasculate her husband and birth sin in her children. God's order should never be circumvented! The mother's role is too important to take lightly. The decisions that a mother makes can change the course of her home and family. When a mother's desires line up with God's plan for her, then her husband and children will live in peace and this peace will be passed down for generations to come.

**Titus 2:3** The aged women likewise, that they be in behaviour as becometh holiness, not false accusers, not given to much wine, teachers of good things;

**Titus 2:4** That they may teach the young women to be sober, to love their husbands, to love their children,

**Titus 2:5** To be discreet, chaste, keepers at home, good, obedient to their own husbands, that the word of God be not blasphemed.
